

Building of Consortia for the Development of Human Resources in Science and Technology

(Program for Developing Next-generation Researchers)

Long-term internship dispatch for innovation leader training

Application guidelines for 2018

Human Resource Development Consortium for Future Value Creation

Tokyo University of Agriculture and Technology

International Christian University

Waseda University

National Institute of Advanced Industrial Science and Technology

1. Outline of program and purpose of long-term internship dispatch

The cultivating of innovation leader human resources is not achieved simply by the collaborative activities between universities and industries. Innovation leader has to reform his/her personal consciousness and advanced thinking, planning, practical skills based on high expertise while taking into consideration the relevance to society are required.

In this project, this consortium is composed of Tokyo University of Agriculture and Technology, International Christian University, Waseda University, and National Institute of Advanced Industrial Science and Technology. We are looking for talented doctoral students and post doctors with advanced expertise in each institution.

Aiming to cultivate innovative human resources who have an extraordinary ability to create technological innovation, industry creation, and social policy proposals, we are implementing educational programs reflecting the social needs of industries and other fields. We also provide opportunities for long-term internships at companies or research institutions in domestic and overseas

2. Qualifications

(1) Applicant falls under any of the following i-iii conditions.

- i. Ph.D. student at Doctoral course (excluding master course) enrolled at Tokyo University of Agriculture and Technology, International Christian University and Waseda University as of April 1st, 2018.
- ii. Ph.D. student at Doctoral course (excluding master course) of AIST as a technical trainee who belongs to each institution.
- iii. Limited term researcher within 10 years after acquiring the doctor's degree belonging to each institution

(2) Applicant is able to engage in an internship at companies or research institutions in domestic and overseas continuously for more than two months between April 1st, 2018 and January 31, 2019 (strict observance).

3. Number of trainee of long-term internship in 2018

- Tokyo University of Agriculture and Technology 8 trainees,
- International Christian University 2 trainees
- Waseda University 4 trainees

Total 14 trainees

4. Long-term internship dispatch destination

Companies, government, research institutes, international organizations, non-profit organizations, overseas universities.

Applicant needs to negotiate with the company or institution mentioned above for his/her request by himself/herself.

5. How to apply

(1) Application documents

Applicant can download application form from the URL as below.

<http://www.tuat.ac.jp/outline/facility/innovation/index.html>

Please fill in the application form by status (DC・PD) at the time of dispatch start.

(2) Submit to

Please submit application form(*) to "9. Inquiries" of which applicant belongs.

(*) Application form must be changed to PDF file, with applicant's signature or stamp (inkan) and signature or stamp (inkan) of applicant's supervisor (in case of AIST, accepting supervisor).

Please make sure to submit the application form at least six weeks prior to start an internship dispatch due to examination. If applicant needs to acquire VISA, please submit it with a margin of time.

(3) Period of application

February 16th, 2018 (Fri.) – September 28th, 2018(Fri.)

※ Application will be evaluated by the Consortium Management Council at every submission. We will stop accepting applications once the number of applicants reaches the quota.

6. Selection process

(1) Document examination is held at Consortium Management Council.

Depending on the status of the application, interview might be conducted.

(2) Announcement of selection result

We will notify the selection results to all applicants.

7. Financial support

(1) During the internship period, salary will be provided according to the working record. However, we will set a maximum limit of 4 hours per day, 5 days per week, 3 months or less. As the maximum limit of payment is 150,000 yen per month.

(2) Transportation expenses and accommodation expenses will be provided according to the rules of each university.

When trainee travels from his/her dispatch destination to another place during internship period, transportation expenses will not be paid.

8. Internship report

After the internship dispatch, trainees are obliged to submit an internship result report, make a presentation at the briefing session of the internship program, and attend to the follow up learning.
