Notes:

1. This table contains information provided to the International Student Section and Student Section of the Student Affairs Department by the scholarship organizations listed as of August 2001.
2. There are two types of organizations: those that require applicants to apply to the appropriate department of the faculty or graduate school, and those that require applicants to apply directly to the organization providing the scholarship. Please be sure to follow the specific instructions for each scholarship.
3. Scholarship application information and deadlines are subject to change each year
