

## GUIDANCE FOR JAPANESE INTENSIVE COURSE <Spring 2011>

The International Center of Tokyo University of Agriculture and Technology offers students from around the world excellent opportunities for networking and exchanges as well as a cosmopolitan learning environment.

### OUTLINE

Classes are offered at elementary and pre-intermediate levels, covering conversation, listening, reading and writing skills. They aim to develop basic communication skills needed in students' daily life as well as for their academic life in Japan.

- ◆ Two or three 90-min. sessions per day from Monday through Friday, 13 per week total
- ◆ Only students with no or little previous training in Japanese language are allowed.
- ◆ Small class with about 15 students each
- ◆ Computer-assisted learning and other multimedia self-learning materials are available.
- ◆ Students are expected to spend much time in studying, so they are encouraged to consult with your academic advisor in planning your courses.

The morning sessions are intended to build basic foundation in Japanese. The afternoon sessions focus on specific language skills, such as speaking, writing, Kanji and others, and are also available.

**IMPORTANT!** You need to obtain consent from your academic advisor before applying for the course. Please submit the application form by April 5<sup>th</sup>.
